PROJECTS

Buy Next

Ecommerce Store

rishabh1S/buy-next

- Developed BuyNext, an innovative e-commerce project powered by Next.js, TypeScript, Strapi, Stripe, and Supabase, delivering a seamless, personalized, and eco-conscious shopping experience.
- Crafted a minimalist UI design using Tailwind CSS, ensuring a user-centric approach while integrating cutting-edge technology.
- Demonstrated proficiency in full-stack development, setting up comprehensive tech stacks, and providing clear deployment guidelines, showcasing project management skills and a commitment to quality and sustainability.

Book Swap

Online Book-Exchange Store

rishabh1S/BookSwap

- Developed a web application enabling users to securely exchange books, enhancing accessibility to a wide range of reading materials.
- Developed a feature-rich, responsive, and highly secure application using Angular, Firebase, and real-time Firestore, showcasing strong development skills.
- Efficient book discovery enabled by the seamless integration of Google Books API, OpenStreetMap API, and Dicebear for avatars, demonstrating API proficiency.

Scribo Docs

Google Docs Clone

rishabh1S/scribo-docs

- Developed an open-source Google Docs clone, Scribo Docs, enabling real-time collaboration on documents with features like rich text editing, autosave, and document sharing.
- Leveraged React, Socket.io, Quill Editor, and Supabase for robust functionality, showcasing strong technical skills.
- Demonstrated expertise in full-stack development, showcasing proficiency in technologies like React, Socket.io, and Supabase, while creating a highly functional and user-friendly collaborative document editing tool.

EXTRACURRICULAR ACHIEVEMENTS

Runner Up

Best Research Paper Presentation Award at 4th National Level Conference on Innovative Global Trends.

Certificate of Appreciation

Exceptional performance in the KPIT Nova Hackathon.

Outstanding Performer

In Chess at the Cluster level.

EXPERIENCE

Intern

LTIMindtree

Feb 2023 – May 2023

- Engaged in three milestone assessments, excelling in each and emerging as the 'Star Performer' in the internship.
- Acquired strong proficiency in Java, Angular, and TypeScript through dedicated learning during the internship program.
- Proficiently utilised Java Database Connectivity (JDBC) to interact with and manage the MySQL database.
